DONCASTER IS PROUD TO WELCOME EACH & EVERY ONE OF YOU TO OUR CITY

Welcome to the City of Doncaster’s Visitor Guide for 2024, full of suggestions of activities to enjoy and places to explore. To kick things off, let’s reflect on some of the memorable moments from 2023!

In a fitting tribute to Doncaster’s pivotal role in shaping the railway industry, the world-famous Flying Scotsman made a triumphant return to its birthplace, as part of its 100th birthday celebrations. This once in a lifetime event was enjoyed by thousands of visitors from Doncaster and further afield.

Doncaster Racecourse was delighted to host some very special guests at the annual St Leger Festival. Their Majesties the King and Queen joined the huge crowds on Town Moor and around the globe to watch the world’s oldest Classic horse race.

With events for everybody, there was the rousing Armed Forces Day attended by the Coldstream Guards, a thought-provoking exhibition at Danum Gallery, Library and Museum (DGLAM) of Henry Moore’s drawings illustrating our mining

heritage, the splendid Steampunk Spectacular, a joyful Festival of Light in the stunning setting of the Minster of St George and the delightful penguin trail in the city centre.

2024 promises to be full of even more exciting opportunities for visitors to experience new places, events and activities. Doncaster really is the perfect destination for making those special memories. The Civic and Cultural Quarter is being transformed into a cosmopolitan hub for visitors looking for culture, cuisine and relaxation. Work continues on the restoration of the 1930’s St James’ Baths to create a modern interior for a new pool, spa and leisure complex and the iconic Corn Exchange is getting ready to welcome visitors again following extensive refurbishment.

Doncaster Racecourse, The Dome and Yorkshire Wildlife Park will once again be hosting a fantastic selection of artists, events and exhibitions throughout the year and Askern Music Festival will be back, with its biggest ever line-up of performers.

‘Our new-look Visitor Guide gives you a flavour of what to look out for in 2024 but don’t forget to check out visitdoncaster.com for all the latest information about what’s on, where and when.’

We are delighted that Doncaster will be the host city for UK Pride 2024. We are looking forward to extending a warm and inclusive Doncaster welcome to all who visit us for this momentous event celebrating the LGBTQ+ community, this is one not to miss!

With an exciting year ahead, one question remains, how will you see Doncaster?

OUR HERITAGE

Bringing History to Life

Doncaster's rich and varied heritage provides many opportunities to experience and learn from past generations. From historic houses to lovingly curated collections, there's something for everyone to explore and enjoy.

Forts, Castles and Historic Houses

Whilst many of Doncaster's Iron Age forts and Roman remains are no longer standing, you can visit a small section of Roman wall in the grounds of the stunning **Doncaster Minster**. There are also many interesting artefacts on display in the **DGLAM** including Roman coins found in the Norton Hoard and the Danum Shield.

There is a castle dating back to the Norman conquest at Conisbrough. The striking ruin of **Conisbrough Castle** (English Heritage) is open to visitors all year round. Also in Conisbrough you will find the **Church of St Peter** which began as a Saxon construction and is the oldest building in South Yorkshire.

Visitors to Tickhill will be intrigued to find the remains of the Norman motte and bailey **Tickhill Castle**, which holds an annual open day in the middle of the year. Follow us on social media @visitdoncaster to find out the exact date for 2024.

Doncaster has its fair share of historic houses for you to visit and get a feel of what it was like to live in a bygone era. The grand 18th century **Mansion House** in the city centre, is one of only three surviving examples in the country. Check [visitdoncaster.com](https://www.visitdoncaster.com) for more information about the open days. Other must-visit houses include the 18th century **Cusworth Hall Museum and Park** and **Brodsworth Hall**, a Victorian country house and gardens (English Heritage).

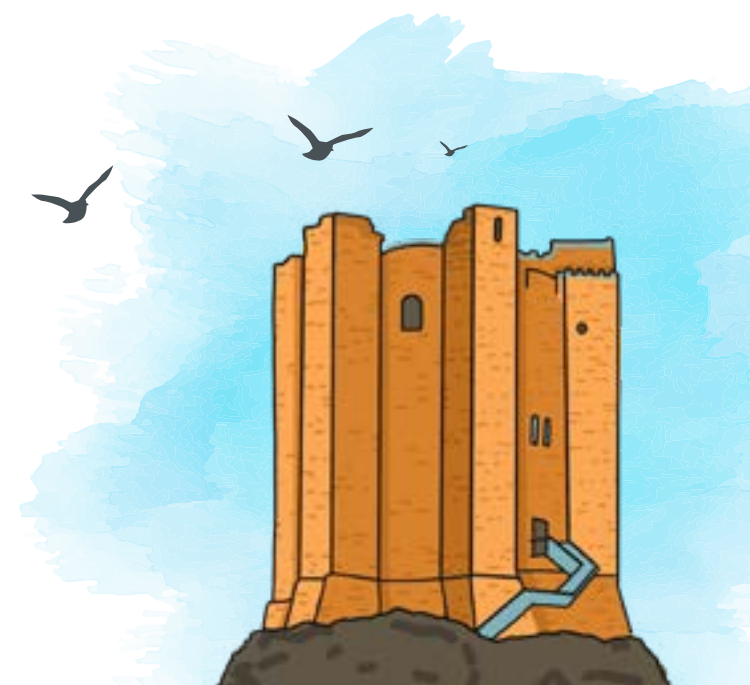

Museums, Art Galleries and Landmarks

One of Doncaster's newest and most family-friendly places to experience our heritage is the **DGLAM** in the Civic and Cultural Quarter. From Roman times to the present day, discover the things that have made Doncaster the thriving city it is today. There you can also visit the King's Own Yorkshire Light Infantry (KOYLI) Regimental Museum and the Rail Heritage centre. The spacious art gallery houses artworks that showcase Doncaster's heritage, from railways to horse racing and so much more.

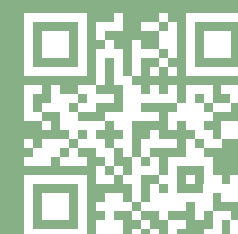

The **South Yorkshire Aircraft Museum** at Lakeside makes for a fascinating all-weather family outing. It displays an eclectic assortment of planes and helicopters from the very earliest days of flight through to the modern day. One of the newest exhibits is a complete example of an RAF Hawk pilot trainer aircraft.

In tribute to Doncaster's mining heritage, there is an evocative statue on Printing Office Street. It features a bronze cast miner and 39 portraits of local people from the mining community. Another unmissable landmark from Doncaster's industrial past is the spectacular **Conisbrough Viaduct**. It opened in 1909 and provided a vital industrial corridor for the transport of coal and goods for over 50 years.

FUN FACT:

Conisbrough Castle inspired Sir Walter Scott to write his historical adventure novel, *Ivanhoe*.

SPRING

Boston Park Farm

There's lots of other things to see and do there, including an outdoor playground, go kart track, an indoor bouncy castle and soft play area.

Enigma Rooms & Viking Axe Throwing

Are you looking for an indoor afternoon of fun with your friends and family? Enigma Rooms could be just the place. You can choose from various themed rooms where the challenge is to escape sinister plots against the clock. For something a little less scary, but just as competitive, you could try your hand at the Oche club for a game of interactive darts. Viking Axe Throwing is also on offer if you want to let off steam and bring out your inner Viking.

Walk around Lakeside Lake

Springtime is the perfect time to take a stroll (run or cycle) round Lakeside. There's a two-mile, circular walk that will get you up close to the wildlife and nesting water birds on the lake. You'll find information boards on the way with QR codes you can scan to discover even more things to see and do around Lakeside. Up and coming exhibitions include Gifts from the Glaciers, the paintings of Antarctic glaciers produced by artists with learning difficulties and original exhibitions by local artists. You could also drop in on one of the curator talks, free lunchtime spotlights, and other exciting events that take place throughout the year.

Cusworth Hall is a beautiful Grade I listed building which has been transformed into a social history museum which houses artefacts that tell the story of life in Doncaster from the 18th century to the present day. The art collections on display depict local landscapes, portraits, sport and religion. A must see for art lovers is the Italianate chapel which features stunning ceiling paintings.

Racing

You really can't beat Doncaster races for a day filled with excitement and fun. The Town Moor racecourse has a well-deserved reputation as one of the best in the whole of Europe. There are plenty of race dates for you to choose from, with around 37 races taking place throughout the year. You can enjoy the flat racing season from the spring through to the autumn. In the winter months you can take in the thrill of racing over the jumps. The highlight of the racing calendar is the St Leger Festival which starts with Ladies Day on 12th September and includes Doncaster Cup Day on the 13th September. The St Leger will take place on Saturday 14th September 2024, so be sure to mark that date on your calendar. The festival ends with the St Leger Community Fun Day on the Sunday which is a great day of racing for all the family to enjoy.

Rugby League

If you haven't experienced the thrill of a live rugby league match, why not give it a try? It's a fast paced and physical game that the whole family can enjoy. The interest in rugby league has surged, particularly after Doncaster successfully hosted three RLWC2021 matches.

Our hometown team, Doncaster Rugby League Club, affectionately known as The Dons, has achieved a significant milestone by earning promotion to the Championship for the upcoming 2024 season. The competition kicks off with the first fixture scheduled for Sunday, March 17th, at the Eco Power Stadium against local rivals York City Knights.

Rugby Union

Doncaster is a fantastic place if you want to crack which code of rugby is your thing. Doncaster Knights play rugby union at the Castle Park stadium near Armthorpe. It's a wonderful place to socialise and is renowned for its match day Cow Pie!

There's always a real buzz about the stadium whenever you go to watch a match. The Knights are an exciting team to follow as they chase for the top spot in the RFU Championship.

Football

There's a great footballing tradition in Doncaster. One of the greatest football players of all time, Kevin Keegan, lived in Armthorpe and supported his local team as a boy. Doncaster Rovers FC play their home games at the Eco Power Stadium and match days are the perfect opportunity to spend time with family and friends, cheering on the Rovers. The Doncaster Rovers Belles are the local women's football team. England players, Gillian Coultard MBE, Millie Bright, Beth England and, recently crowned Sports Personality of the Year 2023, Mary Earps, have all played for the Belles.

EXPLORE THE GREAT OUTDOORS

Take a walk on the green side and discover more about Doncaster’s abundant and varied nature reserves and green spaces. They provide the perfect escape from the hustle and bustle, the opportunity to relax and wander at your leisure, as well as the chance to get up close to some of our most rare and beautiful examples of plant, bird, and animal life.

Potteric Carr, near J3 of M18

Potteric Carr is an amazing oasis of natural beauty and tranquillity, with surprises to be discovered around every corner. There are over five miles of tracks and pathways for you to explore through the reserve. Many of the paths are suitable for pushchairs and wheelchair users. Here you’ll find a mixed habitat of wetland, reedbed, ponds, woods, hedges, and pastureland that is home to an amazing assortment of birds, including the illusive bittern. There is a café at the reserve so you can relax and enjoy a bite to eat after your walk.

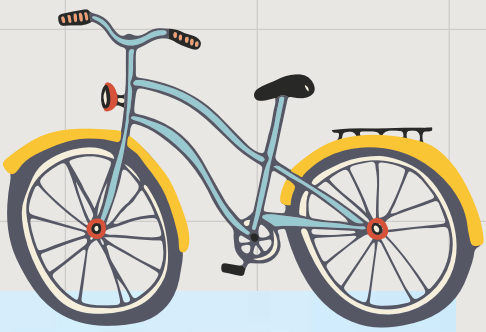

Sprotbrough Flash Nature Reserve

Doncaster’s diverse landscape is beautifully illustrated by a visit to the picturesque Sprotbrough Flash. Here you will find ancient woodland, a lake, wetland, and grassland all in a very compact area. In the springtime you will see bluebells and violets in the woods and the grassland is home to cowslips and orchids. Birdlife is abundant here with wetland loving birds such as reed buntings, herons, cormorants, ducks, and geese to be found all year round. You may spot a brown hare in the adjacent fields or a basking grass snake in the warmer months. If you fancy a more challenging leg stretch, you can follow the path which runs past the Boat Inn and climb up the side of the Don Gorge to the woodland and return along the path that runs alongside the river Don. Take your time and you may even spot a kingfisher on the riverbank.

Sandall Beat Wood, near Doncaster Racecourse

A walk in Sandall Beat wood is like entering a peaceful woodland retreat, brimming full of wildlife. You may be lucky enough to catch a glimpse of a jay or a woodpecker as you follow the woodland paths. There are lots of trails that you can follow, including Covill’s Trail which is a two-kilometre circular path through the wood, and is suitable for wheelchairs and pushchairs. There are also longer circular tracks that you can try out either on foot or on your bike if you are feeling more energetic. The wood has an adventure play area for younger children.

Humberhead Peatlands National Nature Reserve, Thorne & Hatfield Moors

This is one of the more remote spots to take a walk, but this is more than made up for by what you can see when you visit the UK’s largest lowland raised mire. Here you will find a combination of lakes, ponds, wetland, open scrub, and woodland. The area has a wonderful diversity of plant and animal life. Many of the routes across the peatlands are waymarked and it is advisable to stick to the paths to avoid disturbing the wildlife, including the adders that are regularly seen here. For keen bird spotters the Packard’s Heath area is a place where the rare nightjar can be seen.

Visit the Humberhead Peatlands website for more information and downloadable walking trails www.humberheadpeatlands.org.uk

Thorpe Marsh Nature Reserve, near Barnby Dun

If you like peace and quiet, this is the perfect spot for a walk. The reserve is situated on the river Don floodplain and is mixture of grassland, ponds, and woodland. This varied mix of habitats attracts a wide variety of wildlife and plants. The woodland areas are home to birds including woodpeckers and willow tits. Climb up the disused railway embankments and you will come across both woodland and open areas, with fantastic views over the reserve. Thorpe Mere is home to herons and ducks, and you may find wading birds here too, such as oystercatchers, and sandpipers.

Denaby Ings Nature Reserve, Mexborough

You are a short distance from the urban centre of South Yorkshire, yet taking a stroll here feels like you far away from the hubbub. The reserve sits on the edges of the river Dearne and is a paradise for wetland and woodland wildlife. Here you can spot great white and little egrets as well as herons and occasional spoonbills. You can walk along the raised embankment to catch splendid views of the wetland birds, including kingfishers and goosander, which inhabit the marshy landscape. You may even spot an avocet or a bittern patrolling the reedbeds looking for food. In the summertime, the reserve is covered with wildflowers, and you will also find many kinds of butterflies and other insects.
